(12/26/08 Litter from Daisy and Monty)

Unfortunately air transportation is costly and will need to be considered into your budget. The actual expenses not including transport time and fuel cost over \$400 for a pup weighing up to 20 Lbs. Although it does not cover the entire expense of shipping, we agree to pay a portion of the expense but require a flat shipping fee to cover the majority of expenses required for travel in the amount of \$375.00. Your pups voyage can be tracked by using the AWB# at www.unitedcargo.com
